A highly motivated and dedicated graduate in BSc Data Science, seeking a challenging opportunity to apply my knowledge and skills in a practical setting. Equipped with a strong foundation in data analysis, statistical modeling, and machine learning techniques, I am eager to contribute to a dynamic organization where I can utilize my expertise to drive data-informed decision-making and deliver actionable insights.

## SKILLS & Professional proficiencies

### Skills

- Python
- SQL
- NLP
- Advanced Excel
- Machine Learning
- Deep learning
- Tableau
- Power BI
- Data Analysis
- Data Visualization
- Teamwork
- Leadership

### Personal project

- Laptop Price Predictor
- Music Recommendation
- Stock Market prediction
- Titanic Survival Prediction

### Certifications

- Certificate course in Statistical tool
- Certificate course in Logical reasoning and Aptitude
- Certificate course in Public speaking
- Certificate course in Recommender system

## WORK EXPERIENCE

### CODE CLAUSE

JUL 23

#### *Data Analyst Intern*

- Gain project understanding by acquiring knowledge of objectives, requirements, and client expectations.
- Perform data cleaning and modelling while adhering to **industry standards**, ensuring the accuracy and reliability of datasets.

### BHARAT INTERN

Jun 23

#### *Machine learning intern*

- Developed an accurate **Stock market prediction**.
- Utilized specifications to predict the survival rate of **Titanic Survival prediction**.

### LetsGrowMore

May 23

#### *Data Science Intern*

- Demonstrated expertise in utilizing **machine learning techniques**, specifically Logistic Regression and Decision Tree algorithms, to successfully solve classification problems, with a focus on Iris flower classification.
- Developed a **Music recommendation** system and conversion of images to pencil sketches using python

## VIRTUAL INTERNSHIPS

### MENTORED MINDS

Apr 2023

#### *Data Analytics Intern*

- Conduct **data quality** assessments, resolve discrepancies, and implement data cleansing and validation strategies to ensure adherence to high-quality data standards.

- Analyze complex datasets to identify patterns, trends, and correlations, facilitating the extraction of actionable insights for informed decision-making.

## EDUCATION

---

KES Shroff College <b>BSc Data Science – 10 cgpa</b>	Apr 23
Thomas Baptista junior college <b>HSC (12<sup>th</sup>) – 70%</b>	Mar 20
St. Augustine's high School <b>SSC (10<sup>th</sup>) – 93%</b>	Mar 18

## Interests
